Governor Yager's Greeting to the District and Local Boards of Porto Rico

To All Members of the District
and Local Boards of Porto Rico:

In behalf of our country and our island I wish to express thanks and appreciation for the efficient and patriotic service which you have given to the great cause of human liberty in executing the Selective Service Law.

Without any compensation whatever, except the consciousness of performing your duty, you have loyally and faithfully given your time and labor toward the formation of Porto Rico's share of the National Army.

For eighteen months of continuous service you have given much time and labor to this important task. This has been real war-work and it has been cheerfully and patriotically performed, and for this service you deserve to be remembered with gratitude by all patriotic citizens of the United States.

ARTHUR YAGER,
Governor.
